## HEALTH REPORT

### How to interpret Una's genetic health results:

If Una inherited any of the variants that we tested, they will be listed at the top of the Health Report section, along with a description of how to interpret this result. We also include all of the variants that we tested Una for that we did not detect the risk variant for.

### A genetic test is not a diagnosis

This genetic test does not diagnose a disease. Please talk to your vet about your dog's genetic results, or if you think that your pet may have a health condition or disease.

### Good news!

Una is not at increased risk for the genetic health conditions that Embark tests.

**Breed-Relevant Genetic Conditions**
